

Notes to consolidated financial statements:

1. The company's consolidated financial statements are prepared in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

2. In order to be consistent with generally accepted financial reporting practices in Japan, operating profit (loss) is presented as net sales less cost of sales and selling, general and administrative expenses. The company believes that this is useful to investors in comparing the company's financial results with those of other Japanese companies. Please refer to the accompanying consolidated statement of income and Note 3 for U.S. GAAP reconciliation.

3. Under U.S. GAAP, expenses associated with the implementation of early retirement programs at certain domestic and overseas companies are included as part of operating profit (loss) in the statement of operations.

4. In December 2007, FASB issued SFAS No. 141 (revised 2007), "Business Combinations" (SFAS No. 141R) and SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements—an amendment to ARB No. 51." SFAS No. 141R and No. 160 require most identifiable assets, liabilities, noncontrolling interests, and goodwill acquired in a business combination to be recorded at "full fair value" and require noncontrolling interests (previously referred to as minority interests) to be reported as a component of equity, which changes the accounting for transactions with noncontrolling interest holders. Accordingly, "Noncontrolling interests," which was previously referred to as "Minority interests" and was classified between liabilities and stockholder's equity on the consolidated balance sheet as a separate component, are now included in equity. The presentations of the other financial statements were also changed. These presentation requirements have been adopted retrospectively and prior year amounts in the consolidated financial statements have been reclassified to conform to SFAS No. 160.

5. Comprehensive income (loss) attributable to Panasonic Corporation was reported as a loss of 21,791 million yen for the first quarter of fiscal 2010, and a gain of 180,193 million yen for the first quarter of fiscal 2009. Comprehensive income (loss) attributable to Panasonic Corporation includes "net income (loss) attributable to Panasonic Corporation" and increases (decreases) in accumulated other comprehensive income (loss) attributable to Panasonic Corporation.

6. Diluted net income (loss) per share, attributable to Panasonic Corporation common shareholders, for the three months ended June 30, 2009 has been omitted because the company did not have potential common shares that were outstanding for the period.

7. Regarding consolidated segment profit, expenses for basic research and administrative expenses at the corporate headquarters level are treated as unallocatable expenses for each business segment, and are included in Corporate and eliminations.

8. The company's business segments are classified according to a business domain-based management system, which focuses on global consolidated management by each business domain, in order to ensure consistency of its internal management structure and disclosure.

Principal internal divisional companies or units and subsidiaries operating in respective segments are as follows:
