About Panasonic Automotive Systems

With the shift of the Panasonic Group to a holding company structure, Panasonic Automotive Systems Co., Ltd. was established on April 1, 2022.

With annual sales of JPY1,067.1 billion, the company has 61 locations around the world and about 30,000 employees, playing a central role in the growth of the Panasonic Group's Automotive Solutions business. As Tier 1, the company provides advanced technologies unique to Panasonic, such as infotainment systems, to automakers around the world, contributing to the creation of comfortable, safe, and secure vehicles.

Based on the corporate vision of "*Heartmotive: Connecting our heart to the journey,*" the company will respond with technology that meets the expectations of the customers around the world.
